

# **Opportunities & Study Abroad**

Emmanuel Angoda

# Study Abroad...

- For many in Uganda and Africa in general, studying abroad (Europe and U.S) are a dream come true.
- Most who study abroad do so through scholarships, and have extremely wealthy parents.
- But going abroad means you have to stand out, in order to win the scholarship.
- It's easier to get Masters, and PhD scholarship than Undergraduate degree (Bachelor)

# Preparation Starts Early...

- Get a job degree, although high marks are not the only criteria for selection.
- Get good referees (academic & work) that can help you from time to time.
- Engage in social / community issues that result in positive impact. Scholarships support people who have potential to come back and change their communities.
- Have your documents in order- Passport, Certified copies, Recommendations etc.

# Widen your Search...

- Don't bet only on one scholarship. Widen your search.
- Check foreign missions/embassies websites, notice boards, newspapers etc.
- When you start the application, avoid procrastination. Make sure you finish what you started.
- Create a good motivation. How will the course/programme help your career & country? Your plan when you return home.

# Scholarship countries...

- Most scholarships come from English-speaking countries.
- U.K. and U.S
- Ireland
- Sweden, Norway
- Australia & New Zealand
- China, Japan, Qatar

# Foreign Scholarships...

- Chevening (UK)
- Commonwealth (UK)
- DAAD Scholarships (Germany)
- DANIDA (Norway)
- Ireland-Africa Fellowship (Ireland)
- Orange Knowledge Programme (Netherlands)

# Other Opportunities...

- Life is not about studying only. There are opportunities abroad that help fast-track your career and life.
- Conferences, Workshops, Trainings, and Fellowships.
- Travel outside the country builds one's resilience, because of exposure to different cultures, curriculum, people, language and foods.
